

The municipality of Campanet in Mallorca has doorstep recycling collection scheme organized together with eight other municipalities: Alaró, Binissalem, Búger, Consell, Mancor de la Vall, Lloseta, Santa Maria del Camí and Selva that are all part of the Mancomunitat des Raiguer.

It's been 11 years since Campanet started with doorstep recycling, where each household in the urban area deposits at the doorstep the 5-different set of materials according to a weekly calendar (organic matter, light packaging, glass packaging, paper and cardboard and non-recyclable residual waste). There are no containers for waste disposal on the street. There is a Parc Verd or household waste recycling centre where to dispose most of household waste. The households outside the urban area must use the Parc Verd.

This system contributed to a significant increase in the recycling rates and the resulting environmental benefits, thanks to the collaboration of everyone.

In 2017 a new system has been implemented for the collection of the non-recyclable-refuse using the RED BAG and for the collection of the nappies using the WHITE BAG. This system was implemented April the 20th 2017.

### **What is the RED BAG?**

The **RED BAG** system taxes the excessive RESIDUAL WASTE generated by each household. This type of waste can only be disposed in the municipality authorized bags. The municipality facilitates to every household that pays waste tax a certain number of these bags at no extra cost. Every extra bag needed will have to be acquired in the Town Hall according to need and this will constitute a variable tax. This variable tax is calculated on the basis of the treatment cost of the refuse waste in each bag and is stipulated in the current waste management tax ordinance.

### **What is the WHITE BAG?**

The **WHITE BAG** is also an authorized bag that the municipality facilitates for free once need justified and registered. The resident can then dispose the nappies and pet excrements (dogs and cats) either at the doorstep the days that the calendar establishes or at the Parc Verd. In some cases, special sanitary waste can also go in this bag.

## PARC VERD

The Parc Verd or household waste recycling centre is a municipal facility with access control where the public can dispose of special household waste. There are collection points for the following waste streams:

### Household waste:

- ✓ Paper and cardboard (“Paper/Cartró”)
- ✓ Glass (“Vidre”)
- ✓ Light packaging (“Envasos Lleugers”)
- ✓ Organic matter (“Orgànica”)
- ✓ Residual waste (“Rebuig”). This can only be accepted in the authorized red bag or with the standardized sticker bought in the facility.
- ✓ Nappies (“Bolquers”). This can only be accepted in the authorized white bag
- ✓ Electrical and electronic devices without CFC (large household appliances, small electrical appliances, computer and telecommunications equipment, electrical appliances, lighting equipment)
- ✓ Electrical appliances with CFC (refrigerators, freezers, air conditioners, etc.)
- ✓ Bulky waste: furniture, mattress, mattress base and similar.
- ✓ Clothes and footwear
- ✓ Scrap iron
- ✓ Green waste from pruning and gardening
- ✓ Alkaline and button batteries
- ✓ Hazardous waste packaging
- ✓ Waste mineral oil
- ✓ Waste vegetable oil

- ✓ Fluorescent lamps, low consumption bulbs, low pressure sodium lamps, high intensity discharge lamps, including pressure sodium lamps and metallic halide lamps
- ✓ Car batteries
- ✓ Small quantities of construction and demolition waste from small-scale works
- ✓ Small quantities of reduced size of waste with asbestos

The municipality can modify the list of accepted waste in accordance with the regulations.

## Location

The Parc Verd of Campanet is in:  
Carrer Camí Vell d'Inca

## Schedule

### ***Winter (From October 1 to May 31)***

Monday, Wednesday, Friday and Saturday  
from 9.15 to 13.00h  
Tuesday and Thursday from 15.00 to  
18.00h.

### ***Summer (From June 1 to September 30)***

Monday, Wednesday, Friday and Saturday  
from 9.15 to 13.00h  
Tuesday and Thursday from 16.00 to  
19.00h.

### **Attention! Refuse and nappies in the authorized bags only!**

If you need further information or this one in other languages, please email [mediambient@mancomunitatdesraiguer.net](mailto:mediambient@mancomunitatdesraiguer.net) or call Ajuntament de Campanet 971 516005 or the Mancomunitat des Raiguer 971 87 04 09.

We count on your collaboration to altogether keep improving the separate collection of waste in Campanet. Thank you!

## Do you know where everything goes?

### **ORGANIC MATTER** In a plastic bag in a bin

#### **Yes**

Fruit, veggies, meet and fish waste  
 Egg shells, nuts and shellfish  
 Pasta, rice and bread waste  
 Small garden waste (leaves, bouquets, herbs, etc.)  
 Coffee waste and tea bags  
 Kitchen paper and serviettes

#### **NO**

Liquids (broth, milk, oil)  
 Packaging, aluminium foil  
 Big vegetal wastes or with pesticides  
 Pet excrements  
 Ashes and cigarette butts  
 Dust from brushing or vacuum, ceramic waste or stones

### **LIGHT PACKAGING** In a bin or plastic bag

#### **YES**

Empty plastic packaging (water, drinks, detergent, toiletries, yogurts, etc.).  
 Beverage and food cans  
 Empty tetra packs (milk, juice, etc.)  
 Plastic bags  
 Metal and plastic lids. Aerosols  
 Plastic and foam food trays and aluminium foil

#### **NO**

Non-empty packaging  
 Toys, plastic furniture  
 CD's  
 Plastic tube or hose  
 Glass

### **PAPER/CARTBOARD** In paper bags, cardboard box or in a bundle

#### **YES**

Newspaper, magazines  
 Books and notebooks  
 Clean folded cardboard  
 Paper sheets  
 Wrapping paper

#### **NO**

Kitchen paper and serviettes  
 Plasticized paper (from the butcher's, etc.)  
 Paper with oil, paint or food remaining's  
 Aluminium foil or carbon copy  
 Paperclips or staples

### Glass containers

**In a reusable bin or box  
(never in a plastic bag)**

#### **YES**

Glass bottles  
Glass jars

#### **NO**

Lids, caps or corks  
Ceramic pieces, mirrors or flat glass  
Light bulbs or fluorescents  
Plates, drinking- glasses, wine glasses

### **RESIDUAL WASTE\***

**In the authorised red bag**

#### **YES**

Brushing dust and vacuum bags  
Dirty paper  
Plates, drinking- glasses, wine glasses  
Ceramic pieces, mirrors or flat glass  
Ashes and cigarette butts  
Hygiene residues (sanitary towels, nappies,  
tampons)  
Pet excrement's

#### **NO**

Any waste that belongs to organic matter,  
light packaging, paper/cardboard or glass.  
Bulky waste  
Batteries or any other dangerous waste  
Waste from refurbishment

### **NAPPIES\***

**In the authorized white bag**

#### **YES**

Nappies, infant, elderly or medically  
prescribed  
Pet excrements of registered dogs or cats

#### **NO**

Any other waste

**\* It is compulsory to dispose these residues in the authorized oficial bags**
