DE LA VALL

The municipality of Mancor de la Vall in Mallorca has doorstep recycling collection scheme organized together with eight other municipalities: Alaró, Binissalem, Búger, Campanet, Consell, Lloseta, Santa Maria del Camí and Selva that are all part of the Mancomunitat des Raiguer.

It's been 11 years since Mancor de la Vall started with doorstep recycling, where each household in the urban area deposits at the doorstep the 5-different set of materials according to a weekly calendar (organic matter, light packaging, glass packaging, paper and cardboard and non-recyclable residual waste). There are no containers for waste disposal on the street. There is a Parc Verd or household waste recycling centre where to dispose most of household waste. The households outside the urban area must use the Parc Verd.

This system contributed to a significant increase in the recycling rates and the resulting environmental benefits, thanks to the collaboration of everyone.

In 2017 a new system has been implemented for the collection of the non-recyclable-refuse using the RED BAG and for the collection of the nappies using the WHITE BAG. This system was implemented April the 20th 2017.

What is the RED BAG?

The **RED BAG** system taxes the excessive RESIDUAL WASTE generated by each household. This type of waste can only be disposed in the municipality authorized bags. The municipality facilitates to every household that pays waste tax a certain number of these bags at no extra cost. Every extra bag needed will have to be acquired in the Town Hall according to need and this will constitute a variable tax. This variable tax is calculated on the basis of the treatment cost of the refuse waste in each bag and is stipulated in the current waste management tax ordinance.

What is the WHITE BAG?

The **WHITE BAG** is also an authorized bag that the municipality facilitates for free once need justified and registered. The resident can then dispose the nappies and pet excrements (dogs and cats) either at the doorstep the days that the calendar establishes or at the Parc Verd. In some cases, special sanitary waste can also go in this bag.

PARC VERD

The Parc Verd or household waste recycling centre is a municipal facility with access control where the public can dispose of special household waste. There are collection points for the following waste streams:

Household waste:

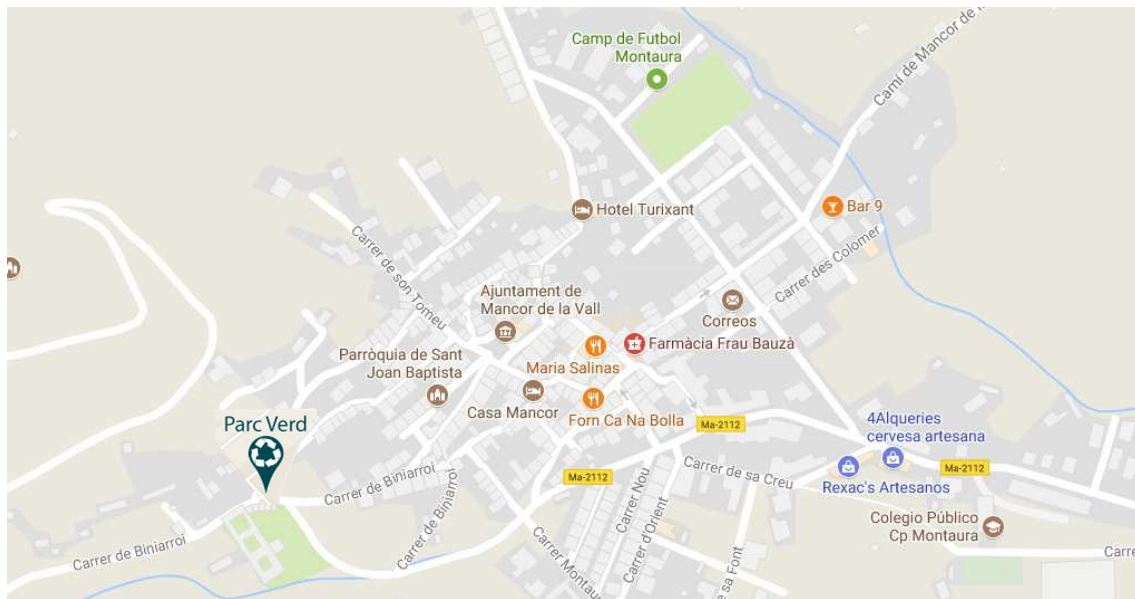

- ✓ Paper and cardboard ("Paper/Cartró")
- ✓ Glass ("Vidre")
- ✓ Light packaging ("Envasos Lleugers")
- ✓ Organic matter ("Orgànica")
- ✓ Residual waste ("Rebuig"). This can only be accepted in the authorized red bag or with the standardized sticker bought in the facility.
- ✓ Nappies ("Bolquers"). This can only be accepted in the authorized white bag
- ✓ Electrical and electronic devices without CFC (large household appliances, small electrical appliances, computer and telecommunications equipment, electrical appliances, lighting equipment)
- ✓ Electrical appliances with CFC (refrigerators, freezers, air conditioners, etc.)
- ✓ Bulky waste: furniture, mattress, mattress base and similar.
- ✓ Clothes and footwear
- ✓ Scrap iron
- ✓ Green waste from pruning and gardening
- ✓ Alkaline and button batteries
- ✓ Hazardous waste packaging
- ✓ Waste mineral oil
- ✓ Waste vegetable oil

- ✓ Fluorescent lamps, low consumption bulbs, low pressure sodium lamps, high intensity discharge lamps, including pressure sodium lamps and metallic halide lamps
- ✓ Car batteries
- ✓ Small quantities of construction and demolition waste from small-scale works
- ✓ Small quantities of reduced size of waste with asbestos

The municipality can modify the list of accepted waste in accordance with the regulations.

Location

The Parc Verd of Mancor de la Vall is in:
C/ Biniarroi, 27 (next to the cemetery)

Schedule

Winter (From October 1 to April 30)

From Monday to Friday: from 15.00h to 18.00h
Saturdays: from 8:00 to 13.00h

Summer (From May 1 to September 30)

From Monday to Friday: from 16.00h to 19.00h
Saturdays: from 8:00 to 13.00h

Attention! Refuse and nappies in the authorized bags only!

If you need further information or this one in other languages, please email mediambient@mancomunitatdesraiguer.net or call Ajuntament de Mancor de la Vall 971 501776 or the Mancomunitat des Raiguer 971 87 04 09.

We count on your collaboration to altogether keep improving the separate collection of waste in Mancor de la Vall. Thank you!
